REGULATING SALE OF LIQUOR

Bishop Doane's Address on the Excise Question.

If the State Would Let the Whole Matter Alone, Merely Including in Its Criminal Code Certain Offences, Such as Drunkenness, Selling Liquor to Minors, Etc., It Would Regulate Itself.

ALBANY, N. Y., Nov. 12.—Bishop William Crosswell Doane, in his address to the clergy attending upon the Episcopal diocesan conference at All Saints Church to-day, spoke at some length on the question of excise, expounding a novel principle.

He said: "I am more and more convinced that we are absolutely insecure so long as the State undertakes to exercise any special control over the sale of liquor, other than which it exercises over the sale of other things. The temptation is irresistible for the liquor dealers to elect the legislature or at least a majority, in their interest, and as irresistible for the average politician (and there are few politicians who rise above a very low average) to prostitute their offices by pandering to the liquor dealers to secure their vote.

"No excise law can be framed that will not either by its strict enforcement, such as I am thankful to say exists to-day in the city of New York, create a popular excitement by its alleged interference with individual liberty and its unfair discrimination of privilege between cases, or else it would be well used as it has been for many years as a means of extorting money by city officials from violators of the law, to purchase immunity for their crime.

"Meanwhile if the State let the whole matter alone and merely included in its criminal offences drunkenness, selling liquor to minors, violation of the Lord's Day and the selling of liquor in the immediate neighborhood of schools and churches and polling places, I believe the matter would regulate itself by the law of supply and demand. There would be no more liquor saloons than the thirst of the neighborhood requires and there would be no temptation on the part of the politicians to support them as places in which they could secure influence of liquor dealers.

"It stands to reason, it seems to me, that beer and spirits and wine are articles of commerce in the same way that bread and butter and beef are; and, that while on the one hand men who engage in this most dangerous trade stultify themselves in demanding privileges which are neither asked for nor accorded to the people who sell safe and valuable necessities, on the other hand they might well be left and governed by the same law, which forbids the sale of ordinary things on Sundays and punishes illegal sellers or sellers of adulterated or unwholesome food."

DEATH OF MRS. GREEN.

She Peacefully Passed Away Last Night at 11:20

Mrs. Imogene Yullie, the wife of James S. Green, died last night at 11:20 o'clock at the residence of Edward S. Green, 711 South Jefferson street. Deceased was 23 years old and had been married only four months. She had been sick just 101 days since her marriage and at 11 o'clock on Sunday last she suffered a paralytic stroke, which affected the entire right side of the body. While her speech was affected, she never lost consciousness, but, realizing that she must die, peacefully passed away.

She was the daughter of A. E. Yullie, a dry goods merchant of Lynchburg. She was a consistent member of the Episcopal Church and a most popular young lady, well known in this city and Lynchburg, and had a host of friends throughout the State who will be deeply grieved to learn of her untimely death. Her father was at her bedside at the time of her death.

The funeral arrangements have not been made and it is not known whether she will be buried in Roanoke or Lynchburg.

Campes Still High in Favor.

MADRID, Nov. 12.—The Minister for war, General Azaragala, declares that the rumors circulated in connection with the proposed retirement of Captain-General Martinez de Campos from conducting operations against the insurgents in the island of Cuba are entirely without foundation. The government has never for a moment considered the question of recalling Campos and he retains the entire confidence of the ministry and queen regent. The minister of justice, Senor Romero Beledo, in an interview, expressed his entire approval of the military and political course followed by Campos and added that he believed that in spite of the war the liberal reforms for the island of Cuba which were approved months ago by the chamber of deputies could and should be vigorously carried out.

Pullman Narrowly Misses Assassination.

CHICAGO, Nov. 12.—The life of Geo. M. Pullman and that of John B. Griffin, the manager of the Pullman building in this city, were menaced by an insane man to-night. Both men were to have been shot and killed on or before the 17th and 27th of this month. The delay of the maniac in making up his mind who should be the first victim gave the police time to arrest him. The prisoner is William Sherman, who has been employed as a window cleaner around the Pullman building. A woman fortune teller is at present held responsible for the suggestion that placed the lives of Mr. Pullman and his manager in jeopardy, and the police are now endeavoring to find her.

Indians Reported Murdered.

DURANGO, Col., Nov. 12.—Deputy Sheriff Joseph Smith and Stanley Day, son of Indian Agent Day, accompanied by six Indians from the Ute agency, started to-day for the Lost Canon, near Dolores, where it is reported two Indian braves and a squaw have been murdered. It is conjectured that the murders were committed by Indians, as no reason for the killing of the Indians by the whites can be assigned.

ANOTHER NOTABLE MARRIAGE

The Paget-Whitney Nuptials at New York Yesterday.

The Daughter of Ex-Secretary Whitney United in Wedlock to Mr. Almeric Paget, Youngest Son of the Late Lord Alfred Paget—President Cleveland, the British Ambassador and Other Distinguished People Present.

NEW YORK, Nov. 12.—The marriage of Miss Pauline Payne Whitney to Mr. Almeric Paget was solemnized at noon to-day at St. Thomas Church. The bride, who is the daughter of Wm. C. Whitney, former Secretary of the Navy, is known favorably in society in New York, Washington, London and Paris. The groom is the youngest son of the late Gen. Lord Alfred Paget, who was personal aide-de-camp to the queen and grandson of the first Marquis of Anglesea. The first Marquis of Anglesea married a Miss King, of Georgia, and Mr. Paget's brother, Col. Arthur Paget, married the only daughter of the late Mrs. Paron Stevens in 1878.

The floral decorations were on a grand scale and the scene within the church was a truly beautiful one. The family and immediate friends had seats separated from those reserved for the guests by a floral gate built on Gothic lines extending across the center aisle. On the right sat President Cleveland and Secretary Daniel S. Lamont and Secretary of the Navy Herbert, and in the seats immediately behind the Presidential party were seated Governor and Mrs. Morion, Sir Julian Pauncefote and members of the British embassy, Dr. Chauncey M. Depew and specially invited guests. On the left were seated members of the Whitney household, Lady Coleridge and relatives of the groom, Lord Westmeath and personal friends of the bride.

Just before the betrothal service Mme. Nordica sang Gounod's "Ave Maria," Handel's "Largo" was performed by Frankos' Orchestra, accompanied by the harp and organ, and a delightful musical programme was presented before the arrival of the bridal party. This included the bridal music from "Lohengrin," which was sung by the regular church choir, under the direction of Dr. George W. Warren.

Soon after 12 o'clock to the strains of the wedding march the bridal party proceeded to the chancel in the following order: Ushers, Gould Gouy, John C. Furman, H. Maitland Kersey, W. Cutting, Jr., Winthrop Rutherford, Jared Hoe, Crawford Livingstone and the bride's brother, Harry Whitney. Then came four little flower maidens. Following these came six bridesmaids, Miss Gertrude Vanderbilt, Miss Emily Vanderbilt Sloane, Miss Azuba Barney, Miss Beatrice Bond, Miss Susie Dimmock and Miss Edith Blake Brown. Miss Vanderbilt was in white; Miss Sloane in pink; Miss Barney in yellow; Miss Bond in heliotrope; Miss Dimmock in blue and Miss Brown in green.

Miss Whitney, who entered leaning on the arm of her father, made a beautiful bride; her wedding gown of ivory white satin was perfectly plain, without lace or embroidery, save for a heavy silk cord which ran around the edge. The corsage was finished with a stock collar of pleated satin covered with point lace, finished in rosettes at either side, and the very full sleeves were finished from elbow to the wrist in gauze style, with a narrow frill of lace at the wrist. The waist was seamless. A cluster of orange blossoms was fastened at the left side on the waist line, and the veil was made from a splendid piece of point lace, which was worn by the bride's mother, and which extended almost to the train.

The bridal party were met at the chancel steps by the groom and his best man, Gerald Paget. The bride and groom were met at the chancel steps by Bishops Potter and Leonard and the rector, Dr. John Wesley Brown, where the charge was read by the rector of the church, Bishop Leonard performing the betrothal service and Bishop Potter officiating at the marriage ceremony proper at the altar rail.

Immediately after the ceremony the newly wedded pair were accompanied to the vestry by the President and Sir Julian Pauncefote, who subscribed their names to the marriage register as witnesses. While the bridal party were signing the registry Mme. Nordica sang, and the little flower girls presented favors to the specially invited guests. A reception was held immediately after the ceremony at the residence of the bride's father, to which 400 guests were bidden. In the inner hall, an immense bell of white flowers was hung, beneath which the bridal couple received the congratulations of their friends.

The wedding breakfast was served at small tables set in the ball room and dining room. The bridal party was seated at a crescent shaped table arranged across the bay window. The bride couple will pass part of the honeymoon at Mr. Whitney's country seat at Westbury, L. I. and later will slowly tour through the Eastern States en route to St. Paul, Minn., where Mr. Paget and his bride will make their future home.

State Luncheon to the King of Portugal.
LONDON, Nov. 12.—The lord mayor, Sir Walter Hanr Wyllie, gave a state luncheon to the King of Portugal, at the Mansion House to-day. The Marquis of Salisbury and the other ministers were present, as were the ambassadors and ministers of the different foreign countries represented in London. It was remarked that the only absentees among the members of the diplomatic corps were the United States and Turkish ambassadors and the embassies of the United States and Turkey were not represented.

For the convenience of those who cannot call during the day the warehouses of Hobbie Music Co. will remain open until 9 o'clock at night.

Cleveland Day at the Exposition.

CLEVELAND, O., Nov. 12.—One of the most magnificently equipped special railway trains ever seen in the Union station left this city at 1:30 p. m. over the Big Four road to-day, having on board about 300 members of the Cleveland chamber of commerce, bound for the Atlanta Exposition. The train consisted of two dining cars, a combination buffet, an employees' car and five sleepers. It is expected that the flyer will reach Atlanta by 1 o'clock to-morrow afternoon over the Southern railway. The party will celebrate Cleveland day at the exposition on Thursday. The excursion is made in the interest of trade extension as well as for pleasure.

General Lee's Views.

WASHINGTON, Nov. 12.—Gen. Fitzhugh Lee, of Virginia, was in the city to-day and left at 3 o'clock for Richmond. General Lee has no fear that Republicanism will be enabled to claim the Old Dominion in its course. "The tendency of public opinion in Virginia," said General Lee to a reporter to-day, "is toward sound currency. No one can hope to nominate any other than a sound money Democrat at the national convention, and I do not fear that an effort will be made to do so."

Another Spanish Victory.

HAVANA, Nov. 12.—The column of troops commanded by Colonel Sandoval, in a skirmish in the province of Santiago de Cuba, with the insurgent forces commanded by Vasquez, killed nine of the enemy, who also left twelve on the field. The troops lost two killed and had nine wounded.

NEWCASTLE-ON-TYNE, Nov. 11.—The Norwegian ship Mindet, Captain Christensen, from Mobile, September 11, for West Hartlepool, has been towed in here with eleven of the crew prostrated with yellow fever. Two other members of the crew died of the fever on the voyage. Owing to the spread of sickness among the crew of the Mindet, her commander was unable to handle her, and she drifted for several days, and was finally picked up off this coast by a tug, which brought her safe into port. Everything possible is being done for the sick men. The ship will be thoroughly disinfected before anything or anybody is allowed to land from her.

ASHLAND, Ky., Nov. 12.—A report from Whitesport, Pike county, states that two Mormon elders were taken from a church there Sunday night and ridden out of the State and into West Virginia on rails. The elders, who have been at work in West Virginia for some time, crossed Tug river in defiance of the warnings of the farmers, and were exhorting a large congregation to accept the Mormon faith when they were assailed by a band of men, who rode them out of the State, but subjected them to no other indignity.

THE SITUATION IN TURKEY

The Porte Still Pursuing the Policy of Delay.

Notwithstanding the Positive Language of the Powers, the Only Reply so Far Received is That Information as to Schemes of Reform Would be Forwarded Without Delay—Armenians Capture the Turkish Force at Zeitoun.

Copyrighted 1895 by T. A. P.

CONSTANTINOPLE, Nov. 12.—Each day shows the situation of affairs here to be growing more threatening. The reply of the Porte to the communications sent to it after the meeting of the ambassadors yesterday has been awaited with interest, as in the note the powers used much stronger language than heretofore and positively insisted upon being immediately informed as to what steps the Turkish government intended to take for the restoration of order.

The Porte to-day, replying to the identical notes of the ambassadors of Germany, Austria and Italy, simply said that information regarding the scheme for reform in Armenia would be forwarded to the representatives of the powers "without delay." In other words, these three ambassadors, at least, have obtained no satisfaction at all. It is not yet known if the notes of the ambassadors of Great Britain, Russia and France have been replied to, but it is presumed that they were also assured that their requests for information regarding the proposed reforms would be replied to "without delay."

This really looks like mocking the ambassadors, and as being second in importance only to the snub administered by the sultan to Great Britain in decorating Bahr Pasha and giving him the command of the troops going to Zeitoun after he had been removed from a governorship at the instance of the British ambassador, Sir Philip Currie, for his ill-treatment of Armenians. As to order being restored in the disturbed districts it need only be said that the mobilization of about 150,000 troops to be sent to these districts is progressing as actively as the Turkish government can push such an undertaking, hampered as it is by lack of funds and the incompetency of its officials.

Advices received here to-day announce fresh disturbances at Marash, Bitlis and Sivas, with their attendant massacres. It is also announced that a battalion of Turkish troops, which was in garrison at Zeitoun, and which recently distinguished itself by surrounding and shooting down a number of Armenian insurgents, was later besieged in its barracks by the Armenians, to whom the soldiers eventually capitulated with arms and ammunition, bag and baggage. It is added that the Armenians now occupy the quarters at Zeitoun previously occupied by the Turkish soldiers. The Armenians, it is further stated, have garrisoned all the important positions in and about Zeitoun and are gathering ammunition and provisions, throwing up fortifications and in every way preparing to hold the place.

Considerable anxiety is felt in American circles here on account of the absence of news from the districts where the American missionaries are stationed and the United States ambassador, Alexander Terrell, has telegraphed asking if the American mission is safe. Recent events now clearly demonstrate that the Sultan has no intention of really carrying out the scheme for reform agreed upon some time ago after so much delay and annoyance.

TURKEY'S SIDE OF THE QUESTION.

Armenians Committing All Sorts of Depredations.

WASHINGTON, Nov. 12.—The Turkish legation at Washington received from the sublime Porte this telegram under yesterday's date: "The Armenian rioters of Zeitoun attacked the village of Tohaukouker Hussar, killing thirty-five Mussulmans, carried away with them arms, cattle and belongings of the Mussulman villagers of Dugneil and murdered the secretary of the tax collector of Zeitoun. The wife and four children of this functionary are missing. "According to fresh advices from Diarbekir the Armenians are alone responsible for the recent disorders which originated solely by the rebels firing on the mosques at the hour of prayer, and by their attacking in arms the Mussulmans. The fire which broke out in Diarbekir, was started by Armenian incendiaries, for 90 per cent. of the shops destroyed, as also every article of merchandise burned, belonged to the Mussulmans."

"The Vail of Adana advises us that about 200 Armenians, disguised as Circassians, attacked the Mussulman village of Zsitunbell and Nari, committing all sorts of depredations."
